

AMPRO 2000 FEBRUARY PROMOTION

FREE BLUETOOTH

Since its launch in 2010 the [AMPRO 2000](#) has found numerous new happy customers in all types of industries and continues to be the most versatile handheld analyzer on the market.

Over the years the AMPRO 2000 has been upgraded with additional sensors and options and now the AMPRO 2000 comes standard with Bluetooth.

With Bluetooth you can connect the AMPRO 2000 to your smartphone (both Android and iOS) and get all analyzer reading with our free [MRU4U](#) app. Start-stop the analyzer from your phone, save and share measurements and many other functions will make your every day work much easier.

Take advantage of our February promotion and get Bluetooth for free, that's a \$ 100 savings.

Promotion period: February 1st to 28th 2018

Use promo code: **BT2018** when ordering a new analyzer
